STRENGTHEN YOUR FOUNDATION

Leadership Workshop

RobertPruitt.Com invites you to begin getting clear about your purpose – your unique reason for being on this planet; the Foundation for your existence.

In this powerful three day program, you will discover and redesign the underlying assumptions from which you live your life.

You will generate a greater *awareness* of what “matters” to you and wake up to the “gift” of who you are already.

You will develop a clear *understanding* of how and what you contribute to the world you serve and uncover your potential to create positive change in your family, school, church, community and relationships.

You will also *experience* the power of collective transformation, shifting from *me* to *we*.

What is the Foundation?

The Foundation is a highly focused workshop which provides an opportunity to practice unselfish sympathetic love. Through this, you will experience a profound shift in your ability to relate to yourself and others. From this foundational shift, you are empowered to fully engage in a life of building healthy communities through focused service to others.

You will learn the value of possessing a “servant’s heart” as modeled by Jesus, Mahatma Gandhi, Mother Teresa, His Holiness the Dalai Lama, Dr. Martin Luther King, Jr. and others who positively contributed to the human family.

How does the Foundation work?

The Foundation is an experiential learning process which engages you in the work of discovery through the help of a committed facilitator who presents in a way that is clear, powerful and alive. It is designed to be a profoundly spiritual experience while not being based in a particular religious tradition. This stimulating program aids students in making connections between serving others and their academic and career interests.

It contains life-altering presentations, breakthrough processes, created interactions and personalized support focused on the questions at the heart of humanity. It is designed to serve as a critical social intervention tool for youth.

During the Foundation you will:

- Generate a vision statement consistent with your heartfelt values & unique experiences (Mastery of Awareness),
- Set aside interpretations that serve as barriers to contribution (Mastery of Contribution),
- Define success as service to others (Mastery of Transformation).
